

# LIST OF ALL FICHE BY NUMBER

This report lists all the microfiche in the Toronto Family History Centre (FHC) in Don Mills. The fiche are arranged in numerical order by their Family History Library (FHL) numbers, or (when they have not come from the FHL) by FHC numbers we have assigned. (There is a separate report, "List of All FHC Resources", in which these microfiche and other resources at the FHC are arranged by geographical area.)

This report gives a brief description of each fiche, detailing country, county, province or state where appropriate. It also indicates where each fiche can be found - the cabinet letter and drawer number. Each entry also how many fiche are associated with that number. Sometimes one entry indicates a range of fiche: e.g. 0215221/266 includes fiche from 0215221 to 0215266.

More extensive information about the contents of a particular FHL fiche is usually available by doing a "Film/Fiche Search" on the fiche number in the online Family History Library Catalog at [www.familysearch.org](http://www.familysearch.org).
